

Kobe YWCA Japanese for School Enrollment

Kobe YWCA College has been teaching foreign children for Japanese school enrollment since 2008. The Kobe YWCA students are eager to learn Japanese skills to keep up in school as well as basic Japanese for living. It's amazing that they would make great progress in a short period and many have been admitted to Japanese schools.

Our way of teaching always has a good reputation to students (We will help your homework during the summer break).
